

X-ONE TRUCK CAP

CONFIGURATIONS

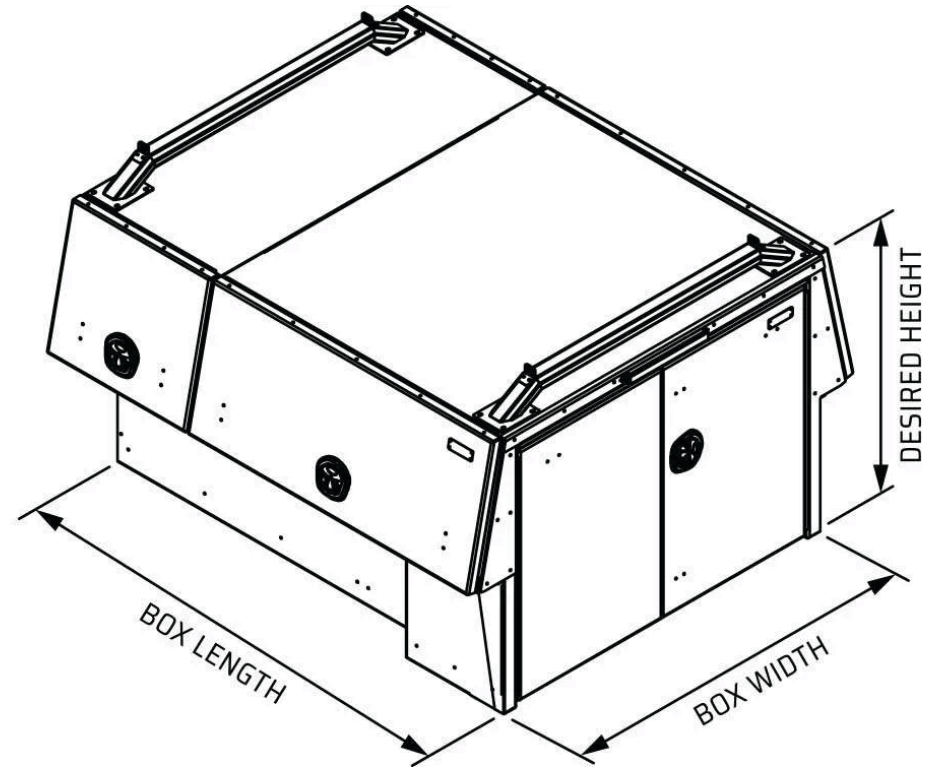

TAILORED TO FIT YOUR TRUCK:

We tailor each truck cap to fit your specific truck, and the needs of your business and/or industry.

When we say "tailored", we mean it. One-size fits all designs waste valuable storage space. We tailor the dimensions of every X-ONE Truck Cap we build specifically to fit the truck it's ordered for. No wasted space. Maximum efficiency.

The dimensions shown in this booklet are for reference only. Upon ordering, we will send you a sheet that outlines the dimensions we need you to measure on your truck. We then build your truck cap to those dimensions. You will be supplied with detailed drawings of your truck cap prior to it entering production. The drawings you receive will include the accessories you choose, and actual dimensions of your truck cap, ready for your approval.

BUILT FOR MOST MODERN PICKUPS:

CHEVY, DODGE (RAM), FORD, GMC, HONDA, JEEP, NISSAN & TOYOTA
